

IFE-STAR 2025 Conference

April 7 – 11
Breckenridge, CO

We are thrilled to announce the Inertial Fusion Energy Science and Technology Accelerated Research (IFE STAR) Conference. This in-person event will bring together leaders and innovators advancing the U.S. IFE ecosystem. The meeting will convene scientists and engineers from universities, national labs, and the private sector to discuss the latest developments in science and technology related to IFE. Importantly, the conference will provide a platform for students, postdocs, and early-career scientists, ensuring they have opportunities to actively engage in IFE research.
