

IFE STAR

# IFE-SURE

## SUMMER UNDERGRADUATE RESEARCH EXPERIENCE

**Join the future of sustainable energy: apply now for a paid summer research opportunity in inertial fusion energy (IFE)**

### PROGRAM HIGHLIGHTS

#### Hands-On Research

Research opportunities are offered at universities and fusion organizations nationwide (see the application site for details)

#### Mentorship and Networking Opportunities

Connect with peers and receive guidance from experienced researchers and industry professionals

#### Workshops and Seminars

Engage in sessions covering the latest advancements in IFE and professional development

#### Symposium

Attend a national symposium in Washington, DC to present your research and network with peers from across the country

### ELIGIBILITY

- Currently enrolled undergraduate students at accredited U.S. institutions pursuing a degree in STEM fields (physics, engineering, mathematics, etc.)
- A strong interest in energy research and fusion technology
- Commitment to the full summer 2026 program

**APPLY HERE**

**Application Deadline**  
January 9, 2026

U.S. DEPARTMENT  
of **ENERGY** | Office of  
Science

**RISE**

**STARFIRE**

Supported by the U.S. Department of Energy's Office of Science, Fusion Energy Sciences Program
