

IFE STAR

# IFE-STAR

## SUMMER UNDERGRADUATE RESEARCH EXPERIENCE (SURE)

Are you an undergraduate student passionate about cutting-edge energy research? The Inertial Fusion Energy Science and Technology Accelerated Research (IFE-STAR) Ecosystem announces its Summer Undergraduate Research Experience (SURE). This paid summer research experience will have you working alongside leading scientists and researchers in the IFE field.

### PROGRAM HIGHLIGHTS

#### Hands-On Research

Research opportunities are available at numerous universities and fusion organizations across the country, see the application for detailed locations

#### Mentorship

Receive guidance from experienced researchers and industry professionals

#### Workshops and Seminars

Participate in educational sessions that cover the latest advancements in inertial fusion technology

#### Networking Opportunities

Connect with peers and experts in the field

### ELIGIBILITY

- Currently enrolled undergraduate students at accredited U.S. institutions pursuing a degree in STEM fields (physics, engineering, mathematics, etc.)
- A strong interest in energy research and fusion technology
- Commitment to the full duration of the program
